

The **NEURON BPh GROUP** is devoted to the development of biosolutions for application in the pharmaceutical, chemical, agro-foodstuffs and energy industries. The company's **Neuron BioIndustrial** division works on the development of bioprocesses applicable in the pharmaceutical, chemical and agro-foodstuffs industries and the biofuels sector.

NEURON BPh is looking for a **MARKETING DIRECTOR** (ref. PRBI) for its **BioIndustrial** division.

Requirements:

- B.Sc., preferably in Life Sciences.
- At least two years' experience in commercial work, preferably related to the sale of technology within the chemical, agro-foodstuffs and pharmaceutical sectors.
- Professional training / experience in international marketing.
- Good spoken and written English (other languages will also be taken into consideration).
- Complete focus on gaining results.
- Business vision.
- Sales skills.
- Good communication skills.
- Dynamic personality and the capacity to use initiative.

Work profile:

- Design, co-ordination and implementation of a scheme for promoting the division on the national and international stage.
- Implementation of a suitable commercial strategy.
- Management of the division's client portfolio.
- Attendance at different stages of negotiations.
- Follow-up reports.
- Attendance at trade fairs, forums and congresses to present projects to prospective clients at both national and international level.
- Identification and follow-up of new business opportunities.

We offer:

- Incorporation into a fast-growing company quoted on the stock exchange.
- Integration into a young team within an environment of scientific excellence.
- Competitive salary.
